

REMARKS

Claims 1-21 and 38-41 have been previously canceled, claims 22-26, 30, 33, and 34 have been amended and new claims 42 and 43 have been added. No claims have been canceled by way of this response. Thus, claims 22-37, 42 and 43 are currently pending and presented for examination. Applicant respectfully requests reconsideration and allowance of the pending claims in view of the foregoing amendments and the following remarks.

Claims 22-37 stand rejected under 35 U.S.C 112, paragraphs 1 and 2. Applicant has amended claim 22 to include specific first, second, and undesirable material which are fully enabled by the specification (for example, paragraphs [0020] and [0024]). Applicant has also amended Claim 22 in order to provide the steps of the method in the order specified in the specification. Applicant has narrowed the claims in order to add specificity, however, narrowing the claims should not affect the allowability of the subject matter specified in the claims. Two claims have been added, however, these two claims were both derived from Claim 33. Therefore, Applicant respectfully request allowance of claims 22-37 and 42 and 43.

Conclusion

For the foregoing reasons, it is respectfully submitted that the rejections set forth in the outstanding Office Action are inapplicable to the present claims. All correspondence should continue to be directed to our below-listed address. Accordingly, Applicant respectfully requests that the Examiner reconsider the rejections and timely pass the application to allowance. Please grant any extensions of time required to enter this paper. The commissioner is hereby authorized to charge any appropriate fees due in connection with this paper, including fees for additional claims and terminal disclaimer fee, or credit any overpayments to Deposit Account No. 19-2179.

Respectfully submitted,
